

TNCHE Asia 2023 Conference

COP Name XXXXXXXXXXXXX

Presenter Bio data & Abstract

Name : Assistant Professor Dr. Apinan Soottitantawat

Company : Chulalongkorn University

Current Position : Assistant Professor

Working Experience : 15+

He has worked as an instructor for 15 years in the chemical engineering department at Chulalongkorn University. He has experience teaching various chemical engineering subjects (Mass/Momentum/Heat transfer operation-Unit operations, Particle Technology, Advance reaction kinetics and reactor design, Thermodynamic, Chemical Process Design, Chemical Plant Design, Chemical Process Design, Chemical Product Design, Chemical process troubleshooting). He also teaches various courses for public training. His research interest includes the Encapsulation process, Process development, and scale-up. He is an advisor for more than 50 graduate master's students and five graduated doctoral students. He also holds 72 publications with a 22 H-index.

Presentation Topic : Spray Drying Process Scale up

Presentation Abstract:
