--	--	--

Name : Francesco Cervini

Company : Baker Hughes

Current Position : Senior Sales Manager APAC

Working Experience : 28 years

Title of Presentation : Hydrogen Burning Turbines, CHP Applications, Enablers of Decarbonization

Presentation Abstract :

Baker Hughes is well known as the leading OEM in the LNG space but it is also adapting for the emerging H₂ and CCUS markets. Our NovaLT™ gas turbine product family, our H₂ Flagship, is the centerpiece of our clean energy solutions specifically designed for efficient CHP applications.
