

TNCHE Asia 2024

TNCHE Asia 2024 Conference
" Decarbonization, AI and Digital Transformation
for Sustainability in Process Industries "
Presenter's Biodata & Abstract

HEXAGON

Full Name : Rachel Yee

Company/ Organization: Hexagon

Current Position : Pre-Sales Director APAC

Title of Presentation : Smart Digital Reality™ - Driving Sustainability Across the Asset Lifecycle

Presentation Abstract :

In today's rapidly evolving industrial landscape, sustainability has emerged as a paramount concern, driving organizations to seek innovative solutions that reconcile environmental responsibility with operational efficiencies that contribute to meeting ESG Targets.

This presentation explores how Hexagon's Asset Lifecycle Intelligence division empowers organizations to achieve sustainability objectives at every stage of the asset lifecycle.

From design and construction to operation and maintenance, Hexagon provides actionable insights by seamlessly integrating data from various sources. Therefore, enabling proactive decision-making, process improvement, and resource optimization, ultimately driving down carbon emissions, reducing waste, and enhancing overall sustainability performance.

Attendees will gain valuable insights into the transformative potential of Hexagon's Smart Digital Reality™ in fostering a more sustainable future for the industry. Join us to discover how Hexagon is shaping the next generation of sustainable practices.
